

## Conference Objectives

### Provide a forum to:

1. **Support the gathering of data on potential alternatives to methyl bromide for future evaluation and prioritization.**
2. **Enhance technology transfer processes needed to economically and commercially implement methyl bromide alternatives.**
3. **Enhance scientific information and data exchange regarding current research on methyl bromide alternatives and emissions reduction.**
4. **Have interdisciplinary scientific exchange on Methyl Bromide alternatives and related issues.**
5. **Develop and distribute conference proceedings as an information source on state-of-the-art methyl bromide alternatives for use by Researchers, Users of Methyl Bromide, Legislators.**
